OHIO YULETIDE SHOPPING RUSH HITS HIGH PEAK

Majority of Merchants report Business Better Than Last Year's

INCREASED TAX PAYMENTS PROOF

Postoffices in Most Cities Report Increase in Flow of Mail

(By Associated Press) COLUMBUS, Dec. 21.—Ohio's Christmas shopping rush hit its peak today with retail sales booming and customers struggling to be served.

Merchants happily reported better business than last year, and their statements were substantiated by increased tax collections. Christmas bonuses added zest to last-minute buying, while record loads of Christmas mail burdened post-offices.

Estimate 10 per cent Gain

Newark, Mansfield, Alliance and Cleveland merchants estimated their business at least 10 per cent better. The Cleveland retail merchants board reported a total of \$15,000,000 spent for Christmas merchandise.

Toledo figured its increase at 5 to 10 per cent and Youngstown reported early stocks of luxury items "sold out." Columbus stores showed a gain, but Cincinnati remained on an even keel with last year.

A side-light on the Christmas rush in Columbus was the report of the city license clerk that the supply of street peddler's tags were exhausted by a heavy demand.

Cleveland, Youngstown, Cincinnati and Toledo postoffices broke country records yesterday. Youngstown's office handled 490,000 letters and cards and 7,152 parcel post boxes. Cincinnati postal receipts for the day were \$3,662, an all-time high; Toledo receipts totaled \$27,125; and Cleveland handled 546,000 parcels.

More Pieces of Mail

Those cities as well as Akron, Columbus and Dayton, reported more pieces of mail than last year. Youngstown's postoffice called a larger extra force than usual as its monthly receipts mounted to \$68,000 compared to \$54,000 in 1938 and \$39,000 in 1937 on the same dates.

State Treasurer Don H. Ebright reported prepaid sales tax stamp sales of \$1,125,785 for the week ended Dec. 9 compared to \$934,964 in the corresponding 1938 period.

FINLAND SEEKS FINANCIAL AID

Asks Loan of \$50,000,000 From U. S. to Buy War Materials

(By Associated Press) WASHINGTON, Dec. 21.—Finland was reported today to be seeking a \$50,000,000 loan from the United States government to buy war materials for use against invading Russian armies.

Representatives of the Finnish government were said to have sounded out congressional leaders on the proposal after they were unsuccessful in obtaining Wall Street financing for such a sum.

Although these representatives were described as restrained in their discussions, one member of congress who was approached said he gained the distinct impression that the Finns felt they could not long hold out against Russia's overpowering forces unless they were given more than moral support.

Recently the Reconstruction Finance Corporation lent Finland \$10,000,000 for the purchase in this country of non-war materials, such as agricultural supplies. This money went to the Finnish-American Trading Corporation, organized by Hjalmar Procope, Finnish minister to the United States.

While the Finns welcomed this, they were represented as contending that their greatest need was for battle planes, guns and other war materials.

Preliminary discussions among congressmen apparently brought no definite reaction one way or the other on the proposed loan because of the complex questions involved.

Such a loan, it was pointed out, would violate a principle which has been laid down in this government's recent financial transactions with other countries that no money would be lent for the purchase of war materials.

In addition, it was pointed out, a direct war loan to the Finns might involve this country's relations with Russia.

Even more important, one member of congress said, would be the possibility that a loan to Finland might be considered as the first step toward precipitating this country into Europe's affairs.

ROGERS WOMAN KILLED AS CAR, TRUCK COLLIDE

Accident Caused by Icy Highway As Winter Makes Bow

MERCURY DIPS TO 23 DEGREES HERE

White Christmas Is Possible, Weathermen Indicate

An aged Rogers woman was killed today in an accident caused by an icy highway as snow flurries and sub-freezing temperatures set the Ohio stage for winter's official debut at 1:06 p. m. Friday.

Weather observers forecast slight change in temperature, with continued flurries. A white Christmas may be the result of the colder weather.

Mrs. Maryette Rudibaugh, 80, of Rogers, was injured fatally at 10 a. m. today when the automobile in which she was riding skidded into a truck on Route 30 at the East Liverpool city limits.

She died in the East Liverpool hospital shortly before noon.

The car in which she was a passenger was driven by Mrs. Twila Williams, also of Rogers. The truck which her car skidded into was owned by the Willow Brook farm at Liberty, Pa.

Mercury Dips to 23

One and one-half inches of snow fell in Salem as the mercury dipped to 23 degrees at 6 a. m. today. The snowfall made highways slippery and several accidents were reported. Trucks slid into ditches but no one was reported injured.

Residents of northeastern Ohio's lake shore communities reported a "vest-pocket blizzard" last night. Three inches of snow fell at Painesville.

In Cleveland the temperature was 25—a drop of 36 degrees from Tuesday's mild weather.

Friday Is Shortest Day

The year's shortest day, Friday, will start with a 7:52 a. m. sunrise and end with sunset at 4:59 p. m. State highway department crews worked last night spreading ashes on hills in the district.

Near the Firestone farm, east of Columbiana on Route 14, last night, one truck-trailer slid off the road and two other trucks jackknifed across the highway, blocking traffic for about an hour.

Trucks also experienced trouble on Green hill, just south of Lisbon, on Route 30. Charles McLaughlin of Wellsville, county commissioner's clerk, was unhurt when his car went into a ditch on Route 30, near Lisbon, this morning.

Three cars in tie-up. Icy condition of Route 45 was blamed for a three-car tie-up at Eagleton's glen, south of here, at 9:15 p. m. Wednesday. The drivers, Robert Votaw, 17, of Salem; Lee Butleyon, 23, of Akron, and Charles Kyser, 39, of Columbiana, escaped uninjured.

Rev. George D. Keister, 43, of Salem, and Anthony Laberto, 45, of Youngstown, were unhurt when their machines came together on Route 62, just south of Canfield, yesterday morning. State patrolmen said Laberto hit the pastor's car in attempting to avoid hitting a dog.

At East Liverpool this morning, Mrs. Jessie Judy, 45, of Chester, W. Va., slipped on the ice and fractured an arm.

Lee Osborne Dies After Auto Crash

Lee Osborne, 33, of 1294 E. Market st., Warren, former husband of Miss Caroline Kimes of Salem, now Mrs. John Tressel of Cleveland, died in St. Elizabeth's hospital, Youngstown, yesterday of head injuries received in an automobile crash near Hubbard Tuesday night.

Mrs. Tressel is the daughter of Mrs. H. C. Thomson of Salem. Mr. Osborne was injured fatally when his car skidded into the path of another machine, operated by Patrick Ferris of Youngstown, as both approached the intersection of the roads from Youngstown and Girard leading to Hubbard.

Osborne, it was reported, was hurled out of the car onto the pavement. He died 15 minutes after being admitted to the hospital.

The other driver escaped with a cut knee. The Columbus, destroyed by its own crew Tuesday off the American coast after it sighted a British destroyer, was the 12th Nazi ship sent to the bottom under Adolf Hitler's maritime policy of suicide before capture.

The survivors, including nine women stewardesses and two boys, will be kept at Ellis Island until they have been examined by immigration officials.

They appeared relieved and happy to be ashore and laughed as they described how they scuttled the third largest vessel in the German merchant marine.

More serious was Third Officer Henry Lampe, 27, who said the two crew members lost when the others put out in 22 lifeboats apparently thought the alarm was only the signal for another "scuttle drill."

NAZIS PROTEST TO ARGENTINE

Question Internment of Crew and Officers of Graf Spee

(By Associated Press) BERLIN, Dec. 21.—Germany protested today to the Argentine government against internment of officers and crew of the scuttled pocket battleship Admiral Graf Spee.

A communique by DNB, official German news agency, said Germany called Argentina's attention to the fact that shipwrecked crews of belligerent status customarily are released after reaching neutral ports.

It cited as a precedent that the Netherlands government released survivors of the Aboukir, Cressy and Hogue, British ships which were torpedoed in one day in 1914 with loss of more than 1,200 lives.

Germany contends that the Admiral Graf Spee's men similarly should be classed as "shipwrecked."

There still was no official comment on the German liner Columbus, scuttled by her crew southeast of New York.

The high command today reported "somewhat livelier artillery activity" on the western front and the shooting down of a French scouting plane near Pirmasens.

DNB said that when the British prime minister, Neville Chamberlain, visited France last week, German fliers crossed the front to drop him an umbrella with a note:

"The German air force regrets that Mr. Chamberlain was forced to go around in such bad weather without an umbrella, and dedicates to him this useful instrument of protection."

Authorized sources contended Germany was justified in sinking British north sea fishing trawlers, asserting that whatever their fishing activities, they were radio equipped and served primarily as lookouts to report German aircraft and warships approaching British waters.

The Germans have called the fishing boats "vanguard vessels."

Donahey Cannot Be Coroner Candidate

Vote Board Rules

The county board of elections, learning of Safety Director C. E. Donahey's intention of becoming a candidate for county coroner, announced this morning that Donahey would not be eligible for the post if elected.

Frank R. O'Hanlon, clerk of the board, explained that a recent state law provides that all coroner candidates must be registered physicians, unless an incumbent.

To run, or not to run, was the question in Donahey's mind today, because he contends the law applies only to counties with a certain population and counties where the coroner is paid a salary. The Columbiana county coroner is paid on a fee basis.

BRITAIN MOVES TO GUARD SEA

Assemble Ships, Planes, To Protect Fishing Fleet In North

LONDON, Dec. 21.—Great Britain assembled ships and fighting planes today to protect her unarmed North sea fishing fleet as a result of German aerial attacks in which 35 vessels have been bombed, torpedoed or machine-gunned in three days.

Defensive arming also was considered for the fishermen, on whom insular Britain depends for an important supplement to her meat supply.

The crews of trawlers engaged in minesweeping and anti-submarine activities will be given a "hard-lying" bonus, retroactive to the outbreak of the war, it was disclosed by Geoffrey Shakespeare, parliamentary secretary of the admiralty.

Such bonuses are paid for exceptionally difficult, dangerous and uncomfortable work.

Strict secrecy surrounded a meeting yesterday between Admiral Jean Darian, supreme commander of French naval forces, and Winston Churchill, Britain's first lord of the admiralty.

But with anxiety growing over the safety of the British fishing industry and allied naval operations increasingly vigorous, their discussion was linked with the forays on fishing trawlers.

The admiralty assailed the attacks as an act of "senseless inhumanity" and said only three, all unsuccessful, were on naval vessels. Two others, it said, were on neutrals. (The German high command said Nazi planes had destroyed 23 British "vanguard" vessels.)

Mine sinkings decreased, meanwhile, only one victim in British waters being reported in 24 hours. It was the 1,449-ton Swedish steamer Mars, sunk off the northeast coast yesterday with seven persons missing and six rescued.

Announcement Is Made At City Officials' Biennial Dinner

KENNEDY SERVED IN 1934-35 TERM

Mayor-Elect Pledges Co-operation Among City Departments

Charles T. Kennedy, 45, will be service director, and John T. (Jack) Rafferty safety director, when Norman Phillips, Democrat, becomes mayor Jan. 1, 1940.

Announcement of appointments to the two important cabinet posts was made by Phillips at the biennial dinner of present and future city officials last night at the Lape hotel.

Served In 1934-35

Kennedy, who was service director when Phillips was mayor in 1934 and 1935, serving one term at the time, will succeed Frank Wilson, while Rafferty will assume the post now occupied by C. E. Donahey. Both Wilson and Donahey were appointees of Mayor George R. Harroff, who is completing two terms.

Prior to his first appointment, Kennedy was chief operator at the city disposal plant for five years. After Phillips left office, Kennedy worked in an engineering capacity at the Mullins Manufacturing Corp. plant, and later was partner in an engineering firm. For the three months he has been employed as an engineer at the New Salem Coal Co. mine, he is married and the father of a three-and-a-half-year-old son.

Rafferty, secretary of the Columbiana county Democratic executive committee, was an auditor for the state unemployment commission until March 1 when he went into business for himself in auditing and tax work.

He was chief deputy when Robert S. Wheatley of Salineville was county engineer. He is married, residing at 251 E. Third st.

Phillips, after announcing his appointments, expressed his pleasure to be returning as mayor and said he hoped for the success he had in his other term.

Promises Co-Operation

"Council and other city departments can expect cooperation from me at all times," he added. Explaining that running the mayor's office is no easy job, he said "you can only do what you think is right."

Mayor George Harroff expressed his appreciation for cooperation of the other city officials during his administration and wished Phillips, his successor, the best of luck for the new term beginning Jan. 1. Solicitor Lozier Caplan served as toastmaster at the dinner. Short talks were given by Emmor H. Taylor and John C. Litt, the retiring councilmen, who reminisced on pleasant associations in council during the past two years.

Music during the dinner hour was provided by the Ted Jackets, vocal and instrumental quartet now at the hotel. A yuletide story was presented Charles Cornwell, president of council, who was observing his 57th birthday.

A theater party at the State followed the get-together.

Scouts and Leaders Enjoy Yule Frolic

One hundred Boy Scouts and leaders enjoyed a Christmas party last night in the Memorial building, arranged by Commissioner Eddie Howell.

A gift exchange was held and group songs were led by Louis Hirst. A yuletide story was given by Atty Henry Reese. Dan Holloway acted as accompanist for the songs.

These cities as well as Akron, Columbus and Dayton, reported more pieces of mail than last year. Youngstown's postoffice called a larger extra force than usual as its month's receipts mounted to \$68,000 compared to \$64,000 in 1938 and \$50,000 in 1937 on the same dates. State Treasurer Don H. Ebricht reported prepaid sales tax stamp sales of \$1,125,785 for the week ended Dec. 9 compared to \$934,464 in the corresponding 1938 period.

Ebricht said incomplete reports to date showed the upward trend continuing and he predicted the sales tax would yield more than \$45,000,000 this year against \$39,000,000 last year.

At Cleveland, Frank F. Gentsch, U. S. collector of internal revenue, said northern Ohio social security tax collections in the first 11 months were \$23,633,000 compared with \$23,600,000 in the same period last year. He pointed out this represented a general rise in wage scales and employment in the district which includes 22 counties.

Lee Osborne, 33, of 1284 E. Market st., Warren, former husband of Miss Camille Kimes of Salem, now Mrs. John Tressel of Cleveland, died in St. Elizabeth's hospital, Youngstown, yesterday of head injuries received in an automobile crash near Hubbard Tuesday night.

Mrs. Tressel is the daughter of Mrs. H. C. Thomson of Salem. Mr. Osborne was injured fatally when his car skidded into the path of another machine, operated by Patrick Ferris of Youngstown, as both approached the intersection of the roads from Youngstown and Girard leading to Hubbard.

Osborne, it was reported, was hurled out of the car onto the pavement. He died 15 minutes after being admitted to the hospital.

NAZIS PROTEST
TO ARGENTINE

Question Internment of Crew and Officers of Graf Spee

(By Associated Press)

BERLIN, Dec. 21.—Germany protested today to the Argentine government against internment of officers and crew of the scuttled pocket battleship Admiral Graf Spee.

A communique by DNB, official German news agency, said Germany called Argentina's attention to the fact that shipwrecked crews of belligerent states customarily are released after reaching neutral ports.

It cited as a precedent that the Netherlands government released survivors of the Aboukir, Cressy and Hoque, British ships which were torpedoed in one day in 1914 with loss of more than 1,200 lives.

Germany contends that the Admiral Graf Spee's men similarly should be classed as "shipwrecked."

There still was no official comment on the German liner Columbus, scuttled by her crew southeast of New York.

The high command today reported "somewhat livelier artillery activity" on the eastern front and the shooting down of a French scouting plane near Pirmasens.

DNB said that when the British prime minister, Neville Chamberlain, visited France last week, German fliers crossed the front to drop him an umbrella with a note.

"The German air force regrets that Mr. Chamberlain was forced to go around in such bad weather without an umbrella, and dedicates to him this useful instrument of protection."

Authorized sources contended Germany was justified in sinking British north sea fishing trawlers, asserting that whatever their fishing activities, they were radio-equipped and served primarily as lookouts to report German aircraft and warships approaching British waters.

The Germans have called the fishing boats "vanguard vessels."

Ship "Suicide" Before Capture Is Declared To Be Adolf Hitler's Maritime Policy

(By Associated Press)

NEW YORK, Dec. 21.—Survivors of the German liner Columbus told today how Nazi ships carry trained "scuttle squads" to comply with general orders from Berlin requiring them to burn and sink their own vessels rather than let them fall into enemy hands.

The Columbus, destroyed by its own crew Tuesday off the American coast after it sighted a British destroyer, was the 12th Nazi ship sent to the bottom under Adolf Hitler's maritime policy of suicide before capture.

Captain Depressed
Its master, Captain Wilhelm Deehne, who with 567 other survivors was taken to Ellis Island last night from the rescue vessel, the U. S. cruiser Tuscaloosa, seemed depressed at the loss of his ship but shrugged fatalistically when asked why he had given the command to sink it.

"You get an order and you obey," he said quietly. "You don't ask questions."

The lean, middle-aged German sea captain said the Columbus, scuttled within the American neu-

Donahay Cannot Be
Coroner Candidate
Vote Board Rules

The county board of elections, learning of Safety Director C. E. Donahay's intention of becoming a candidate for county coroner, announced this morning that Donahay would not be eligible for the post if elected.

Frank R. O'Hanlon, clerk of the board, explained that a recent state law provides that all coroner candidates must be registered physicians, unless an incumbent.

To run, or not to run, was the question in Donahay's mind today, because he contends the law applies only to counties with a certain population and counties where the coroner is paid a salary. The Columbiana county coroner is paid on a fee basis.

BRITAIN MOVES
TO GUARD SEA

Assemble Ships, Planes, To Protect Fishing Fleet In North

LONDON, Dec. 21.—Great Britain assembled ships and fighting planes today to protect her unarmored North sea fishing fleet as a result of German aerial attacks in which 35 vessels have been bombed, torpedoed or machine-gunned in three days.

Defensive arming also was considered for the fishermen, on whom insular Britain depends for an important supplement to her meat supply.

The crews of trawlers engaged in minesweeping and anti-submarine activities will be given a "hard-lying" bonus, retroactive to the outbreak of the war, it was disclosed by Geoffrey Shakespeare, parliamentary secretary of the admiralty. Such bonuses are paid for exceptionally difficult, dangerous and uncomfortable work.

Strict secrecy surrounded a meeting yesterday between Admiral Jean Darlan, supreme commander of French naval forces, and Winston Churchill, Britain's first lord of the admiralty.

But with anxiety growing over the safety of the British fishing industry and allied naval operations increasingly vigorous, their discussion was linked with the forays on fishing trawlers.

The admiralty assailed the attacks as an act of "senseless inhumanity and said only three, all unsuccessful, were on naval vessels. Two others, it said, were on neutrals. (The German high command said Nazi planes had destroyed 23 British "vanguard" vessels.)

Mine sinkings decreased, meanwhile, only one victim in British waters being reported in 24 hours. It was the 1,440-ton Swedish steamer Mars, sunk off the northeast coast yesterday with seven persons missing and six rescued.

Announcement Is Made At City Officials' Biennial Dinner

KENNEDY SERVED
IN 1934-35 TERM

Mayor-Elect Pledges Cooperation Among City Departments

Charles T. Kennedy, 45, will be service director, and John T. (Jack) Rafferty safety director, when Norman Phillips, Democrat, becomes mayor Jan. 1, 1940.

Announcement of appointments to the two important cabinet posts was made by Phillips at the biennial dinner of present and future city officials last night at the Lape hotel.

Served In 1934-35

Kennedy, who was service director when Phillips was mayor in 1934 and 1935, serving one term at the time, will succeed Frank Wilson, while Rafferty will assume the post now occupied by C. E. Donahay. Both Wilson and Donahay were appointees of Mayor George R. Harroff, who is completing two terms.

Prior to his first appointment, Kennedy was chief operator at the city disposal plant for five years. After Phillips left office, Kennedy worked in an engineering capacity at the Mullins Manufacturing Corp. plant, and later was partner in an engineering firm. For the last three months he has been employed as an engineer at the New Salem Coal Co. mine. He is married and the father of a three-and-a-half-year-old son.

Rafferty, secretary of the Columbiana county Democratic executive committee, was an auditor for the state unemployment commission until March 1 when he went into business for himself in auditing and tax work.

He was chief deputy when Robert S. Wheatley of Salineville was county engineer. He is married, residing at 251 E. Third st.

Phillips, after announcing his appointments, expressed his pleasure to be returning as mayor and said he hoped for the success he had in his other term.

Promises Co-Operation

"Council and other city departments can expect cooperation from me at all times," he added. Explaining that running the mayor's office is no easy job, he said "you can only do what you think is right."

Mayor George Harroff expressed his appreciation for cooperation of the other city officials during his administration and wished Phillips, his successor, the best of luck for the new term beginning Jan. 1. Solicitor Lozier Caplan served as toastmaster at the dinner. Short talks were given by Emmor H. Taylor and John C. Litty, the retiring councilmen, who reminisced on pleasant associations in council during the past two years.

Music during the dinner hour was provided by the Ted Jackets, vocal and instrumental quartet now at the hotel. A birthday cake was presented Charles Cornwall, president of council, who was observing his 57th birthday.

Theater party at the State followed the get-together.

POLLYANNA IN WARTIME

In the age-old way of making the best of things, men like to think some things about war can be counted as profit. Some of the dodges and subterfuges used to outwit the enemy may be worth continuing when the war's over, they speculate optimistically.

While this doesn't often make sense, there are exceptions. There is, for instance, a suggestion that Canada might use Hudson bay as the western terminus for a shipping route to England. Dr. Alexander D. Bakjov, who has established the first arctic research station on the American continent has lived on the western shore of the bay for three years. He insists it is navigable the year 'round. With \$100,000 he is sure he could chart routes that would enable ships to carry cargoes from Canada to England over a route almost invulnerable to submarines.

It might work. If it did, it would work when the war was over. Pollyanna could crow, "I told you so."

THE YANKEE YELL

There hasn't been such a howl of indignation since John Morgan and his hard-riding rebels came into Ohio in '63. Football coaches and athletic directors are polishing their muskets, determined to do something about it or die in the attempt.

They'll fight the Civil war all over again if the south wants a showdown. Specifically, what they'll do is make sure that southern colleges and universities can't make football any more attractive to northern athletes than northern colleges and universities.

Southerners have been coming into Ohio, Pennsylvania and New York to recruit pickin' talent. Even Morgan didn't "look at all three." They have been building the prestige of southern football with northern boys who should have known better than to succumb to rebel blandishments.

The funny thing about it is that it's serious. It's being talked about in grave tones. Ohio for Ohioans. Keep the northern halfbacks at home. Keep the rebel kidnapers from carrying off Yankee boys—etc., etc. Truly, football is an astonishing game.

WHAT MIGHT HAVE BEEN...

Giving back Finland's debt payment would be a magnanimous gesture. This country's debtors now owe it 14½ billion dollars. A few thousand one way or the other won't be missed.

Of course, with the exception of Finland, which happens to have had favorable trade balances, none of the debtors happens to be interested in paying off. In the meantime the public debt of the United States keeps on growing. It is now approaching 42 billion dollars on horseback.

On July 1, 1920, it was 25 billion; it had been less than two billion when the United States entered the war. This had become a creditor nation. It was planned that with sinking fund payments and war debt receipts the public debt would be cleaned off by 1947, perhaps as early as 1940, which happens to be the year it's expected to sail over the 45 billion dollar mark instead.

It's also the year when the last glimmer of hope for World war debt payment will be extinguished. Cost of the new war to France will be greater than that country's estimated national income in 1940 if nothing happens. The last chance of World war debt payment is gone. The United States, which once boasted of being a creditor nation, is holding the sack. Instead of paying for the last war it's European debtors started a new one.

LIES ARE TIPOFFS TO BOMBERS

This war, perhaps no more baffling than any other, is expected to be decided in large part by supremacy of the air arm. That is Germany's theory. Britain and France have taken it seriously enough not to join the issue directly with Germany until theoretically equal to it in aviation strength.

But so far bombing, the ultimate objective of military aviation, seems hardly worth the bother. It is submitted as a fact that official reports of air activity contain nothing of a nature to cause airplane stocks to rise. Without exception, this is what has happened.

The enemy has made "half-hearted" attempts to drop bombs on certain places of no particular consequence and has succeeded in dropping a few, which were "poorly aimed" and fell either in "isolated places" or in "open water." In the meantime nearly all his bombing planes were shot down either by "defending aircraft" or "anti-aircraft guns" on land and sea.

Furthermore, with the exception of places like Helsinki, bombing has been little more than a diversion for its intended victims, who play a sort of good natured game with the birdmen, scuttling to cover and putting out the lights more to tease the raiding aviators than to frustrate them. It is not serious; the other fellow always loses his shirt.

However, since the "other fellow" may be either the Germans, the British, the French, the Russians, or the Finns it seems to be true that propagandists in all countries are worried sick about bombers. Otherwise, they wouldn't weave such elaborate lies about them. Bombers must be almost as formidable in this war as they were expected to be.

THE STARS SAY:

For Friday, December 22

A RATHER negligible day is presaged from certain planetary aspects that may not be interpreted as fortuitous. There are elements of petty strife, irritabilities, "grouches" and low spirits generally, both in business and in the home circle. However, it would be well to suppress such tendencies in association with employers and superiors, as they might provoke disagreeable situations.

Those whose birthday it is may have a year of moderate activity, with but little to lift affairs from the path of routine or dull mediocrity. This might be due to a disposition to be vexatious, irritable and not very congenial, owing largely to a morbid, depressed and introspective state of mind, or physical ills.

A child born on this day may have a rather contradictory nature, with warm impulses and sympathies and, as well, deep recesses of pessimism or melancholy.

CODE OF HONOR

By DEWITT MACKENZIE

Captain Hans Langsdorff acted in accordance with the old Prussian code of honor for the fighting man when he killed himself so that he might pass out with his ship, the Admiral Graf Spee, which under orders he scuttled in the green waters of the south Atlantic off Montevideo Sunday.

There is a spartan hardness and courage in this code, which rules that the individual sustain honor with death when misfortune has overtaken him. There are few countries in which this still persists, one other notable example being Japan where men commit hari-kari for the honor of their Mikado.

The badge of initiation into this Prussian code is the sabre scar across the face—a livid mark which you see most officers wearing even today when duelling is not so prevalent as it used to be. That scar is an advertisement to the world that the wearer can "take it" when it comes to enduring physical hurt.

I saw much of the working of this code at the front during the World War. I believe I may have mentioned in this column the epic of the third Prussian guard of one of the battles of Lens, in France.

The Germans had been driven from their trenches in this sector by the British and repeated counter-attacks failed to dislodge the enemy. An example was felt necessary to raise the morale of the German troops.

The German command called on a contingent of Guardsmen, the Kaiser's pet troops. With shoulders back and eyes front they marched four abreast straight into the British machine-guns, to be mowed down in rows. Then their comrades attacked, and recaptured the trenches.

Perhaps it was this characteristic which led the small boy, Adolf Hitler, to dream of the day when he should see a great German confederation, dominated by the Prussians. Always the Prussian was in his mind as ruler, so they say, for he admired that race above all others.

Probably the fuhrer understands, too, what passed through his captain's mind when, after saying good-bye to his crew, he shot himself. The skipper had lost his beloved ship, and there was only one way out.

Bravery and devotion to duty, even unto death, have neither nationality nor creed. So, salute to a brave man who stood by his code and followed his ship into the deep.

Methods Are Improving
In War On Tuberculosis

By LOGAN CLENDENING, M. D.

Many changes have occurred in the handling of tuberculosis in recent years. In my own lifetime, which covers a professional experience of about 30 years, the diagnosis and treatment of tuberculosis have been revolutionized. The procedure used to be to depend on a history, examination of the patient with a stethoscope and an examination of the sputum. We now

Dr. Clendenning will answer questions of general interest only, and then only through his column.

know that a great many cases would be missed if this procedure were adhered to.

History—If a patient has symptoms of tuberculosis, including fatigue, cough, expectoration, night sweats and fever, it is usually an advanced case. Nowadays, therefore, we try to get them before symptoms occur.

True Also of Sputum

The same is true of sputum. If we wait until tubercle bacilli are found in the sputum we wait too long. The use of percussion and the stethoscope are still valuable procedures to check findings, but few modern physicians are accurate enough in their use or well enough trained to obtain good results. It is possible nowadays, with modern X-ray technique, to take a group of people and pass them rapidly through the hands of the X-ray man and obtain nearly 100 per cent correct diagnosis. In other words, if the X-ray is negative, there is a very good chance that no tuberculosis exists. On the other hand, it picks up changes in the lung in the very early stages of tuberculosis, allowing treatment to be carried out early.

The campaign against tuberculosis has the following features at different ages:

Pre-school Age—Here the important thing is to avoid contacts. Any person in a household, no matter what the age, who has a chronic cough, is suspect. Many people carry an active tuberculosis up to the age of 60 or 70, infecting their children and grandchildren. This is an unpleasant subject to discuss, but, according to our modern methods, it is a disagreeable necessity to face the facts.

Grade School Age—All pupils should be examined with the tuberculin test and the suspicious ones should have their chests X-rayed.

Age From 12 to 18—Reinfection occurs frequently at this age and school children should be re-examined carefully. It is one of the most dangerous ages for development of tuberculosis.

College Age (20 to 30)—The home circle and the dangers have been left behind, but the possibilities of new contacts arise. Tuberculin tests and the X-ray pictures should be made routinely on college students.

Age 30 to 50—Tuberculin test is of little value at this time, but the X-ray is still a valuable diagnostician.

The improvement in our results by this sort of a plan makes us feel that our efforts are having positive value and that before long we can actually banish tuberculosis from the face of the earth.

W. H. W.: "I am a young man of 22. For a long time I have been bothered with a condition which causes a mouthful of slimy saliva to form. As soon as I spit it out, it forms again. Will you please tell me what causes this and what to take for it?"

Answer—The cause of this uncomfortable symptom is frequently a small stone in the duct which comes from the salivary gland. Other causes are nervousness and excessive use of tobacco and jagged and irritating teeth.

POLLYANNA IN WARTIME

In the age-old way of making the best of things, men like to think some things about war can be counted as profit. Some of the dodges and subterfuges used to outwit the enemy may be worth continuing when the war's over, they speculate optimistically.

While this doesn't often make sense, there are exceptions. There is, for instance, a suggestion that Canada might use Hudson bay as the western terminus for a shipping route to England. Dr. Alexander D. Bajkov, who has established the first arctic research station on the American continent has lived on the western shore of the bay for three years. He insists it is navigable the year round. With \$100,000 he is sure he could chart routes that would enable ships to carry cargoes from Canada to England over a route almost invulnerable to submarines.

It might work. If it did, it would work when the war was over. Pollyanna could crow, "I told you so."

THE YANKEE YELL

There hasn't been such a howl of indignation since John Morgan and his hard-riding rebels came into Ohio in '63. Football coaches and athletic directors are polishing their muskets, determined to do something about it or die in the attempt.

They'll fight the Civil war all over again if the south wants a showdown. Specifically, what they'll do is make sure that southern colleges and universities can't make football any more attractive to northern athletes than northern colleges and universities.

Southerners have been coming into Ohio, Pennsylvania and New York to recruit pigskin talent. Even Morgan didn't "look at all three." They have been building the prestige of southern football with northern boys who should have known better than to succumb to rebel blandishments.

The funny thing about it is that it's serious. It's being talked about in grave tones. Ohio for Ohioans. Keep the northern halfbacks at home. Keep the rebel kidnapers from carrying off Yankee boys—etc., etc. Truly, football is an astonishing game.

WHAT MIGHT HAVE BEEN...

Giving back Finland's debt payment would be a magnanimous gesture. This country's debtors now owe it 14½ billion dollars. A few thousand one way or the other won't be missed.

Of course, with the exception of Finland, which happens to have had favorable trade balances, none of the debtors happens to be interested in paying off. In the meantime the public debt of the United States keeps on growing. It is now approaching 42 billion dollars on horseback.

On July 1, 1920, it was 25 billion; it had been less than two billion when the United States entered the war. This had become a creditor nation. It was planned that with sinking fund payments and war debt receipts the public debt would be cleaned off by 1947, perhaps as early as 1940, which happens to be the year it's expected to sail over the 45 billion dollar mark instead.

It's also the year when the last glimmer of hope for World war debt payment will be extinguished. Cost of the new war to France will be greater than that country's estimated national income in 1940 if nothing happens. The last chance of World war debt payment is gone. The United States, which once boasted of being a creditor nation, is holding the sack. Instead of paying for the last war it's European debtors started a new one.

LIES ARE TIPOFFS TO BOMBERS

This war, perhaps no more baffling than any other, is expected to be decided in large part by supremacy of the air arm. That is Germany's theory. Britain and France have taken it seriously enough not to join the issue directly with Germany until theoretically equal to it in aviation strength.

But so far bombing, the ultimate objective of military aviation, seems hardly worth the bother. It is submitted as a fact that official reports of air activities contain nothing of a nature to cause airplane stocks to rise. Without exception, this is what has happened.

The enemy has made "half-hearted" attempts to drop bombs on certain places of no particular consequence and has succeeded in dropping a few, which were "poorly aimed" and fell either in "isolated places" or in "open water." In the meantime nearly all his bombing planes were shot down either by "defending aircraft" or "anti-aircraft guns" on land and sea.

Furthermore, with the exception of places like Helsinki, bombing has been little more than a diversion for its intended victims, who play a sort of good natured game with the birdmen, scuttling to cover and putting out the lights more to tease the raiding aviators than to frustrate them. It is not serious; the other fellow always loses his shirt.

However, since the "other fellow" may be either the Germans, the British, the French, the Russians, or the Finns it seems to be true that propagandists in all countries are worried sick about bombers. Otherwise, they wouldn't weave such elaborate lies about them. Bombers must be almost as formidable in this war as they were expected to be.

THE STARS SAY:

For Friday, December 22

A RATHER negligible day is presaged from certain planetary aspects that may not be interpreted as fortuitous. There are elements of petty strife, irritabilities, "grouches" and low spirits generally, both in business and in the home circle. However, it would be well to suppress such tendencies in association with employers and superiors, as they might provoke disagreeable situations.

Those whose birthday it is may have a year of moderate activity, with but little to lift affairs from the path of routine or dull mediocrity. This might be due to a disposition to be vexations, irritable and not very congenial, owing largely to a morbid, depressed and introspective state of mind, or physical ills.

A child born on this day may have a rather contradictory nature, with warm impulses and sympathies and, as well, deep recesses of pessimism or melancholy.

CODE OF HONOR

By DEWITT MACKENZIE

Captain Hans Langsdorff acted in accordance with the old Prussian code of honor for the fighting man when he killed himself so that he might pass out with his ship, the Admiral Graf Spee, which under orders he scuttled in the green waters of the south Atlantic off Montevideo Sunday.

There is a spartan hardness and courage in this code, which rules that the individual sustain honor with death when misfortune has overtaken him. There are few countries in which this still persists, one other notable example being Japan where men commit hari-kari for the honor of their Mikado.

The badge of initiation into this Prussian code is the sabre scar across the face—a livid mark which you see most officers wearing even today when duelling is not so prevalent as it used to be. That scar is an advertisement to the world that the wearer can "take it" when it comes to enduring physical hurt.

I saw much of the working of this code at the front during the World war. I believe I may have mentioned in this column the epic of the third Prussian guard of one of the battles of Lens, in France.

The Germans had been driven from their trenches in this sector by the British and repeated counter-attacks failed to dislodge the enemy. An example was felt necessary to raise the morale of the German troops.

The German command called on a contingent of Guardsmen, the Kaiser's pet troops. With shoulders back and eyes front they marched four abreast straight into the British machine-guns, to be mowed down in rows. Then their comrades attacked, and recaptured the trenches.

Perhaps it was this characteristic which led the small boy, Adolf Hitler, to dream of the day when he should see a great German confederation, dominated by the Prussians. Always the Prussian was in his mind as ruler, so they say, for he admired that race above all others.

Probably the fuhrer understands, too, what passed through his captain's mind when, after saying good-bye to his crew, he shot himself. The skipper had lost his beloved ship, and there was only one way out.

Bravery and devotion to duty, even unto death, have neither nationality nor creed. So, salute to a brave man who stood by his code and followed his ship into the deep.

Methods Are Improving
In War On Tuberculosis

By LOGAN CLENDENING, M. D.

Many changes have occurred in the handling of tuberculosis in recent years. In my own lifetime, which covers a professional experience of about 30 years, the diagnosis and treatment of tuberculosis have been revolutionized. The procedure used to be to depend on a history, examination of the patient with a stethoscope and an examination of the sputum. We now

Dr. Clendingen will answer questions of general interest only, and then only through his column.

know that a great many cases would be missed if this procedure were adhered to.

History—If a patient has symptoms of tuberculosis, including fatigue, cough, expectoration, night sweats and fever, it is usually an advanced case. Nowadays, therefore, we try to get them before symptoms occur.

True Also of Sputum

The same is true of sputum. If we wait until tubercle bacilli are found in the sputum, we wait too long. The use of percussion and the stethoscope are still valuable procedures to check findings, but few modern physicians are accurate enough in their use or well enough trained to obtain good results. It is possible nowadays, with modern X-ray technique, to take a group of people and pass them rapidly through the hands of the X-ray man and obtain nearly 100 per cent correct diagnosis. In other words, if the X-ray is negative, there is a very good chance that no tuberculosis exists. On the other hand, it picks up changes in the lung in the very early stages of tuberculosis, allowing treatment to be carried out early.

The campaign against tuberculosis has the following features at different ages: Pre-school Age—Here the important thing is to avoid contacts. Any person in a household, no matter what the age, who has a chronic cough, is suspect. Many people carry an active tuberculosis up to the age of 60 or 70, infecting their children and grandchildren. This is an unpleasant subject to discuss, but according to our modern methods, it is a disagreeable necessity to face the facts.

Grade School Age—All pupils should be examined with the tuberculin test and the suspicious ones should have their chests X-rayed. Age From 12 to 18—Reinfection occurs frequently at this age and school children should be re-examined carefully. It is one of the most dangerous ages for development of tuberculosis.

College Age (20 to 30)—The home circle and the dangers have been left behind, but the possibilities of new contacts arise. Tuberculin tests and the X-ray pictures should be made routinely on college students.

Age 30 to 50—Tuberculin test is of little value at this time, but the X-ray is still a valuable diagnostic.

The improvement in our results by this sort of a plan makes us feel that our efforts are having positive value and that before long we can actually banish tuberculosis from the face of the earth.

Questions and Answers

W. H. W.: "I am a young man of 22. For a long time I have been bothered with a condition which causes a mouthful of slimy saliva to form. As soon as I spit it out, it forms again. Will you please tell me what causes this and what to take for it?"

Answer—The cause of this uncomfortable symptom is frequently a small stone in the duct which comes from the salivary gland. Other causes are nervousness and excessive use of tobacco, and jagged and irritating teeth.

EDITOR'S NOTE: Dr. Clendingen has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp, to Dr. Logan Clendingen, 235 E. 45th st., New York. The pamphlets are: "Three Weeks' Reducing Diet," "Indigestion and Constipation," "Reducing and Gaining," "Infant Feeding," "Instructions for the Treatment of Diabetes," "Feminine Hygiene" and "The Care of the Hair and Skin."

CLEVELAND — Mrs. Catherine Merman, 45, went before the Ohio Board of Liquor Control to plead her side of charges that she had had unlicensed gin in her cafe. The board revoked her license. Mrs. Merman fainted.

LITCHFIELD, Conn.—P. T. Barum, who coined the phrase "there's a sucker born every minute" proved himself no exception.

Pope Pius Praises Italian King, Queen On Visit to Vatican

VATICAN CITY, Dec. 21.—Pope Pius XII, receiving King Vittorio Emanuele and Queen Elena in official audience, lauded the Italian government today for "permitting Italy in this grave moment of war to remain outside the conflict."

Vatican city authorities announced that on Dec. 28 the Pope would go to the Quirinal palace to return the visit in the first call by any papal on an Italian king since unification of Italy 69 years ago. The palace once was occupied by the popes themselves when they ruled Rome.

The Pope's visit would thus mark increasingly close relations between the Vatican and the Italian government since Pope Pius XI negotiated the Lateran accords in 1929, ending the long dispute between church and state that grew out of the Italian occupation of Rome.

Today the royal visitors were accompanied by high government officials in 15 automobiles.

The governor of Vatican City met them at the boundaries of the Vatican and read an official message of welcome.

The King and Queen then proceeded to the papal apartments, where they talked with the Pope for 40 minutes and presented members of their party.

RUSSIA HONORS LEADER STALIN

Soviet Celebrates 60th Birthday Anniversary Of Dictator

MOSCOW, Dec. 21.—Soviet Russia celebrated on a vast scale today the sixtieth birthday of her leader, Joseph Stalin, who was eulogized by the press as "the pillar of hope to the workers of capitalist states."

As his Red army legions fought in bitter cold in the invasion of Finland, a new biography of Stalin was published by President Michael Kalinin of the supreme Soviet, describing him as "a happy man who led one-sixth of the globe to Socialism." He now is ready to lead them to Communism.

The book was given an initial printing of 1,000,000 copies.

A flood of newspaper articles credited Stalin with many achievements of the Soviet union, including the "liberation" of the Ukrainian and white Russian regions from Poland and pacts with the Baltic states, but made no mention of Finland.

The radio and newspapers were devoted almost completely to the anniversary.

Field Parties
Factories held parties in honor of the unostentatious Georgian, schools displayed exhibits on his life, and he was the subject of lectures at collective farms and other Soviet units.

The presidium of the supreme Soviet conferred on Comrade Stalin the order of Lenin—highest award in the land—and gave him the title of "hero of Socialist labor" for his "exceptional services in organizing the Bolshevik party, creating the Soviet state, building a Socialist society in the U. S. S. R., and consolidating the friendship of peoples of the Soviet union."

The council of people's commissars resolved to institute in his honor 16 annual prizes of 100,000 rubles each for outstanding work in medicine, law, the sciences, arts and the theater; similar prizes for the best inventions and for achievements in military science; and scholarships for 4,000 science students.

Coast Guardsmen Watch Over Ship In Florida Port

FORT LAUDERDALE, Fla., Dec. 21.—Eight armed coast guardsmen watched over the German freighter Arauca today after the vessel, fugitive from a British warship, was placed under a federal label attachment by a Texas sugar company.

The guardsmen marched aboard the Arauca last night after a navy detachment from the U. S. Destroyer Philip had searched the vessel. Coast guard officials here declined to explain the developments.

The label action, growing out of a \$38,541.72 claim against the Hamburg-American line, was filed at Miami.

Houston attorneys for the Imperial Sugar Company of Texas said the Hamburg-American line demanded and was paid the \$38,541.72 in freight charges before permitting three of its ships to give up their cargoes in Sumatra and South America.

The vessels, enroute from the Philippines to Galveston when the war started, had fled to neutral ports, and the sugar company had to complete delivery in other boats at additional cost.

Asks Compensation
LISBON, Dec. 21.—Mrs. Gerrude Williamson of Irontide, R. D. 1, widow of William B. Williamson, has filed an action in the common pleas court here seeking the right to participate under the Workmen's Compensation law, with the Industrial Commission of Ohio named defendant in the suit.

Williamson was injured while employed by the Golden Star Dairy Co. of East Liverpool on Sept. 18, 1936. He died May 14, 1938.

NEW YORK, Dec. 21.—Matthew Woll, vice president of the American Federation of Labor, believes Soviet Russia's attack on Finland

Pope Pius Praises Italian King, Queen On Visit to Vatican

VATICAN CITY, Dec. 21.—Pope Pius XII, receiving King Vittorio Emanuele and Queen Elena in official audience, lauded the Italian government today for "permitting Italy in this grave moment of war to remain outside the conflict."

Vatican city authorities announced that on Dec. 28 the Pope would go to the Quirinal palace to return the visit in the first call by any pontiff on an Italian king since unification of Italy 69 years ago. The palace once was occupied by the popes themselves when they ruled Rome.

The Pope's visit would thus mark increasingly close relations between the Vatican and the Italian government since Pope Pius XI negotiated the Lateran accords in 1929, ending the long dispute between church and state that grew out of the Italian occupation of Rome.

Today the royal visitors were accompanied by high government officials in 15 automobiles. The governor of Vatican City met them at the boundaries of the Vatican and read an official message of welcome.

The King and Queen then proceeded to the papal apartments, where they talked with the Pope for 40 minutes and presented members of their party.

RUSSIA HONORS LEADER STALIN

Soviet Celebrates 60th Birthday Anniversary Of Dictator

MOSCOW, Dec. 21.—Soviet Russia celebrated on a vast scale today the sixtieth birthday of her leader, Joseph Stalin, who was eulogized by the press as "the pillar of hope to the workers of capitalist states."

As his Red army legions fought in bitter cold in the invasion of Finland, a new biography of Stalin was published by President Michael Kalinin of the supreme Soviet, describing him as "a happy man who led one-sixth of the globe to Socialism... he now is ready to lead them to Communism."

The book was given an initial printing of 1,000,000 copies.

A flood of newspaper articles credited Stalin with many achievements of the Soviet union, including the "liberation" of the Ukrainian and white Russian regions from Poland and pacts with the Baltic states, but made no mention of Finland.

The radio and newspapers were devoted almost completely to the anniversary.

Field Parties Factories held parties in honor of the unostentatious Georgian, schools displayed exhibits on his life, and he was the subject of lectures at collective farms and other Soviet units.

The presidium of the supreme Soviet conferred on Comrade Stalin the order of Lenin—highest award in the land—and gave him the title of "hero of Socialist labor" for his "exceptional services in organizing the Bolshevik party, creating the Soviet state, building a Socialist society in the U. S. S. R., and consolidating the friendship of peoples of the Soviet union."

The council of people's commissars resolved to institute in his honor 16 annual prizes of 100,000 rubles each for outstanding work in medicine, law, the sciences, arts and the theater, similar prizes for the best inventions and for achievements in military science, and scholarships for 4,000 science students.

Coast Guardsmen Watch Over Ship In Florida Port

FORT LAUDERDALE, Fla., Dec. 21.—Eight armed coast guardsmen watched over the German freighter Arauca today after the vessel, fugitive from a British warship, was placed under a federal libel attachment by a Texas sugar company.

The guardsmen marched aboard the Arauca last night after a navy detachment from the U. S. Destroyer, Philip had searched the vessel. Coast guard officials here declined to explain the developments.

The libel action, growing out of a \$38,541.72 claim against the Hamburg-American line, was filed at Miami.

Houston attorneys for the Imperial Sugar Company of Texas said the Hamburg-American line demanded and was paid the \$38,541.72 in freight charges before permitting three of its ships to give up their cargoes in Sumatra and South America.

The vessels, enroute from the Philippines to Galveston when the war started, had fled to neutral ports, and the sugar company had to complete delivery in other boats at additional cost.

Asks Compensation

LEBON, Dec. 21.—Mrs. Gertrude Williamson of Irondale, R. D. 1, widow of William B. Williamson, has filed an action in the common pleas court here seeking the right to participate under the Workmen's Compensation law, with the Industrial Commission of Ohio named defendant in the suit.

Williamson was injured while employed by the Golden Star Dairy Co. of East Liverpool on Sept. 18, 1936. He died May 14, 1938.

Labor Leader Asks For Aid For Finns

NEW YORK, Dec. 21.—Matthew Woll, vice president of the American Federation of Labor, believes Soviet Russia's attack on Finland

"reaches a new high in international affairs for sheer mendacity, for cynical contempt of the good opinion of mankind."

"To help Finland today is to help America tomorrow," he asserted in an address to a "let's help Finland" mass meeting in Madison

Square Garden last night. The meeting was led by former President Herbert Hoover, national chairman of the Finnish relief fund; who declared "every decent person in the world is praying to God that these grave people shall yet be saved."

Canton Man Files \$10,000 Damage Suit

LISBON, Dec. 21.—Herbert W.
Smith of Canton has filed an action
in common pleas court here against
Earl Westfall of Lisbon in which
he demands \$10,000 and the costs
of the action, as the result of an
automobile accident Dec. 26, 1937.

The accident occurred on Route

drove toward Carrollton and the
defendant was traveling toward
Waynesburg, the collision occurring
near the crown of a hill. The
plaintiff, who declares he suffered
concussion of the brain and lacer-
ations of the body, charges the de-
fendant with negligence.

Prof. Casey, head of the Biblical
literature department of Brown
university, is a survivor of the
Athena disaster on the first day
of the European war.

wondering who his "friend" was
who, leaning out of a passing car
shouted, "Let him go. Bunch!" I

Disapproves Idea For 'Night of Light'

DETROIT, Dec. 21.—The utility which would profit by a "night of light" in Detroit Christmas eve disapproved of the proposal today.

To the suggestion that every one turn on all his lights to prove that "there's no blackout here," the Detroit Edison company replied in paid newspaper advertisements that "the extraordinary use of current might blow fuses in house wiring with inadequate fuses, and otherwise cause trouble in some locations."

"It is our good fortune that here in America we can have light when and where we will," the statement said. "We hope that the people of Detroit will go ahead with their usual Christmas lighting in the usual way—Christmas trees, outdoor decorations, and so on. But we do not recommend turning on all the lights at one time to prove that which everybody knows."

Seek New Dike

WELLSVILLE, Dec. 21 — Coun-cil today enacted an ordinance authorizing the war department to construct a \$120,000 Ohio river flood dike in the western part of the city.

The project will supplement a \$360,000 flood wall recently completed in the eastern and southern sections.

Swedish Steamer Sunk Off Holland By Mine Explosion

LONDON, Dec. 21.—An Exchange Telegraph (British news agency) dispatch today from Amsterdam said the 1323-ton Swedish steamer Adolf Braut was sunk by a mine explosion yesterday off the Netherlands island of Terschelling. Five of the crew were killed and 16 rescued.

The 1323-ton Swedish steamer Adolf Braut was reported sunk by a mine off the Netherlands island of Terschelling Tuesday, however, and an unidentified ship also was reported mined off the Netherlands coast. In Copenhagen, the newspaper Berlingske Tidende reported the Estonian steamer Uko sunk Tuesday in the North sea by a German plane.

The German liner Cap Norte, a 3615-ton vessel and one of the fastest in the South American trade, was brought to a British port yesterday as a prize. The liner was captured Oct. 12 in the Atlantic. British newspapers praised the settled Graf Spee's commander, Capt. Hans Langsdorff, who took his life yesterday.

"It is a tragedy," said the Lon-

don Times, "for such men today that they cannot serve their country save in the livery of a master whom in their hearts they must despise."

Dr. Watson also announced that WPA workers had built or renovated 87,000 toys to be distributed Christmas eve to children on the rolls of various local relief agencies.

Hamilton Likely To Quit Position As G.O.P. Leader

By W. B. RAGSDALE

WASHINGTON—Chairman John D. M. Hamilton is likely to sever his connection with the Republican national committee when the party's convention meets next summer.

Nons of the men who have con-trol of the party organization in Kansas expects him to be re-elected as the sunflower state's com-mittee man.

Kansas Republicans have felt for some time that Hamilton's eastern friendships tended to pull him out of line with the views of the sun-flower state.

Since he has been national chair-man, Hamilton has severed most of his Kansas connections. This gradual breaking of old ties will prove one of the big factors in his re-moval as committeeman from Kansas.

Natural Procedure

It is the natural procedure for the incoming presidential nominee to choose his own man to direct the campaign.

When Alf M. Landon was nomi-nated in 1936, he chose Hamilton to direct his campaign, although Hamilton represented an opposing wing of the party in Kansas. Ham-ilton had succeeded David Mulvane as the state's committee member.

The Mulvane wing had often been called conservative. Hamilton came into Kansas politics from this group. His selection by Landon as national chairman was an effort to weld Kansas Republicans into a unit.

Now the old school of Kansas Republicans, as represented by Mulvane and Hamilton, is out of the saddle. Their place has been taken by a younger group of men like Payne Faetner, the state chair-man, and Walter Fees, the state chair-man, both of them imbued with ideas that sound strangely foreign to some of the old Republican philosophies.

Iowa Dispute

Another dispute over a national committee post appears to be taking shape in the neighboring state of Iowa.

Harrison Spangler of Cedar Rapids, the present national com-mittee man, goes back to the days of Herbert Hoover and beyond. He was, and still is, a friend of Mr. Hoover.

The present ties between Spangler and the administration of Gov-ernor Wilson of Iowa are none too tightly drawn. It is a situation which may easily enter into the selection of the state's delegates to the 1940 convention, in view of the fact that the delegation elects the national committeeman during the wind-up of convention work.

TENNESSEE ENTRAINS TODAY FOR ROSE BOWL

VOICES WORRIED OVER INJURED GRIDIRON ACE

Not Certain Yet Whether George Cafego Will Be Able to Play

KNOXVILLE, Tenn., Dec. 21—Tennessee's undefeated, untied and unscathed football team arranged to head for California's Rose Bowl today amid a lot of fuss over the injured knee of Halfback George Cafego.

Whether Cafego would be ready to rattle at top speed against Southern California in the New Year's day classic at Pasadena remained a big question.

Coach Bob Neyland rates the great halfback, who injured his knee in the Citadel (S.C.) game Nov. 11, as "a player without a weakness."

He is making his game preparations on the assumption Cafego will be ready, but just in case, Buist Warren and Johnny Butler, the sophomore flash, have been groomed for the tailback spot.

Praises Butler
Johnny Butler is doing so well he may not even get in the Rose Bowl game, Cafego commented. "Why that Johnny is a threat every time he gets his hands on the ball."

Butler sprinted 56 zigzagging yards for the first touchdown against Alabama and repeated with a 40-yard thriller to conquer Auburn, 7-0, in Tennessee's final 1939 game.

The Orange-shirted Volunteers, so strong, will leave for the west coast by train at 3 p. m. (Central Standard time) and arrive in Los Angeles at 1 p. m. Sunday. En route they will stop at Greenville and El Paso, Texas, for brief workouts.

As for Cafego, Tennessee fans say the fact he wasn't around in three of Tennessee's major games seems to have been overlooked.

The Volunteers trounced Vanderbilt without him and he played less than two minutes each against Kentucky and Auburn.

Feller Considers Hollywood Offers

CLEVELAND, Dec. 21—Bob Feller has the permission of the Indians to become a "celluloid cowboy" as long as he doesn't imperil his million-dollar pitching arm.

The 21-year-old pitcher is considering a Hollywood offer to take part in six westerns. C. C. Slapnicka, Cleveland vice president, commented:

"If it's a good proposition and won't interfere with his baseball career it might be a good thing. I certainly wouldn't approve anything that might harm that million-dollar pitching arm."

PURDUE JOLTED BY U.S.C. TEAM

Big Ten Quintet To Face Another West Coast Rival Tonight

CHICAGO, Dec. 21 — Purdue's basketball squad, jolted last night by the University of Southern California cagers, will make a second bid for victory over west coast opposition tonight when it opposes Washington State.

While the two square off at Lafayette, Ind., Michigan will continue its drive for further honors in the east, meeting Tulane at White Plains, N. Y. The Wolverines made it three in a row for the season Monday by defeating Connecticut State.

Purdue bowed before the Trojans last night, 38 to 34, after having tied the game at 32 all with five minutes to go. The setback was the second in four starts for the Boilermakers and the sixth that Big Ten conference teams have suffered in 37 games with non-league foes.

Meantime, Northwestern, which earlier this season had trounced Washington State 41 to 29, ran its string of consecutive victories to four by overwhelming Princeton, 42 to 26. Eighteen Wildcat players had their fling in the rout, which was paced by Dick Brooks, a reserve senior forward who had played in only one previous engagement this year. Brooks counted 12 points.

Florida's Racing Season Under Way

MIAMI, Fla., Dec. 21—Florida's 59-day horse racing season, expected to draw more than \$35,000,000 through the pari-mutuel machines and enrich the state coffers by \$1,500,000, gets under way today at Tropical park.

With 2,000 horses available, limit fields were drawn for the opening program, featured by the \$1,000 inaugural purse. Warren Wright's Beat James, three-year-old son of Jamestown, rated a probable favorite in a field of 15 sprinters.

The Tropical park meeting will run 18 days, the action transferring Jan. 10 to Hialeah park for the next 46 days.

OHIO WESLEYAN, CARROLL GIVEN FIRST DEFEATS

Two Teams Tumble From State's Undefeated Cage Ranks

(By Associated Press)
John Carroll and Ohio Wesleyan tumbled from the undefeated class in Ohio's eight-game basketball program last night.

The Blue Streaks dropped a 42 to 34 decision to Detroit and Wesleyan fell before Kent State's attack, 41 to 39.

The Kent victory, its fourth in five starts, came after the score was tied 10 times. The Golden Flashes led at the half, 25 to 24, and clinched the decision in the closing minute on a field goal by Center Harold Andres and a free throw by Guard Dan Gulian.

Max Conner, Kent guard, tallied 15 points, and Jack Buttermore, Wesleyan forward, 12.

Trail at Half
Detroit led the streaks at the half, 25 to 13, and Carroll found the margin too much to overcome. Marty Rudich, Carroll center, dropped in 12 points to lead his team in scoring. Carroll had won three straight games.

In other games, West Virginia tramped Marietta, 60 to 36; Cincinnati tripped Centre, 42 to 30; Youngstown edged Defiance, 51 to 46; Long Island stopped Dayton, 48 to 39; Wittenberg shaded Rider (N. J.), 47 to 46; and Slippery Rock (Pa.) Teachers nosed out Mount Union, 50 to 47.

Deakin, Cincinnati forward, flipped in 10 points as Centre lost its second straight game in the Queen city. Xavier beat the Kentucky five Tuesday night. The Bearcats led, 29 to 15, at the half.

West Virginia used three teams in swamping the Pioneers, leading at intermission, 37 to 12. Officials called 23 personal fouls on West Virginia and 22 on Marietta, with two Pioneer players and one Mountaineer ejected via the foul rule.

Win In Overtime
Slippery Rock scored eight points in an overtime to top Mount Union. Forward Hobbs and Guard Cabas picked up five points for the Ohioans in the extra period. The score was tied 14 times.

Youngstown posted its fourth victory in five games by beating Defiance. The Penguins led at the half, 21 to 14. Snort Defiance center had 21 points, and Berman, Youngstown forward, 19.

Frank Shannon's field goal with two minutes to play gave Wittenberg its lead over Rider and the Ohioans "froze" the ball until the final whistle. Shannon scored 16 points.

Long Island posted its 42nd consecutive victory in downing Dayton. The New Yorkers were ahead at intermission, 24 to 21.

CAMDEN, N. J.—Gus Dorazio, 185½, of Philadelphia, outpointed Charley Massera, 189, New York (8).

Little Alfred Holbrook Boasts Real "Iron Man"

(Pinch Hitting for Eddie Brietz) (By Associated Press)
COLUMBUS, Dec. 21 — Before wrapping up the 1939 football season . . . how about a belated pat on the back for Chester (Red) Roush, a real iron man of the gridiron? "Red" end and captain of little Alfred Holbrook college at Manchester, O., played every minute of 34 games from 1936 through 1939, and "time" was never called for him in the four years. Roush had never played football and had seen but one game before enrolling at Holbrook, but he started the first contest in his freshman year and still was in there in his last one as a senior.

Happy Hunting Grounds
Notre Dame's Elmer Layden-Cornell's Carl Snavely, Nay's "Swede" Larsen, Purdue's Mal Elward, and Indiana's Bo McMillin are just a few of the "foreign" coaches who have appeared this winter as guest speakers at Ohio high school football banquets.

Probably they are touring just for the fun of it, but Snavely hinted at Canton the other night that he could use some of the Buckeye scholastic talent.

"The finest high school football in the country is played up here in northeastern Ohio," Snavely said. "And if you can turn out one athlete in 10 years as good as Don Scott (Ohio State quarterback from Canton) and send him up to our university, I'll continue to think this is a great community."

Today's Guest Star
Elmer Layden, "Fighting Irish" coach and one of the famed four horsemen addressing Toledo's Down town Coaches' association, said:

"It's a pleasure to be here, for I like to string along with a winner . . . all downtown coaches are winners, for they play their games on Monday, two days after they've been completed on the field. In fact, I've never heard of a downtown coach losing a game."

Despite denials from all principals . . . the "inside" boys around the Buckeye capital insist Stanford is flirting with Francis Schmidt, Ohio State coach who introduced razzle-dazzle to the Big Ten. If Francis takes the coach job . . . don't be surprised if Earl Blaik is the next Buckeye coach . . . if he can be shaken loose from his Dartmouth contract.

How'd you like to have Fred Tomlin of Glassboro, N. J., "drawing a bead" on you? Fred fired at 2,450 yard targets this year, and missed only 17, for an average of 99.30 . . . the greatest ever compiled by a professional trapshooter. All he got for the feat was a few trophies, the amateurs . . . not the professionals . . . get the trapshooting cash.

Speaking of cash, Dr. Hugh M. Parshall of Urbana, O., the nation's leading trotting-pacing driver the last decade and a half, did all right in 1939. He won 57 races and 150 heats . . . taking down more than \$87,000 in purses. Peter Astra Hambleton winner . . . grabbed \$47,000 for Parshall in nine winning starts . . . the greatest one-horse earning since Hanover Bertha's \$59,000 spurge in 1930.

Twins Get Greatest Gift—Their Vision
LORAIN, Dec. 21 — Twin baby girls, born blind, are getting one of life's greatest gifts for Christmas.

Aida and Eddythe Cicco will be two years old Jan. 2. Specialists have performed two operations to remove congenital cataracts.

The doctors said today the girls will see the lights on their Christmas tree and pick out their own favorite dolls.

A nurse held her hand over the crib and tiny fingers reached for it. There was no more crying for lost toys.

The cataracts are clearing rapidly now, the doctors said, and treatment and thick glasses will aid the twins in regaining visions. They are the daughters of Mr. and Mrs. Charles Cicco.

AVERAGES SHOW GEHRINGER NOT SLOWING DOWN

Detroit Second Baseman, At 37, Still Has Good Playing Record

(By EARL HILLIGAN)
CHICAGO, Dec. 21. — Charles Leonard Gehring has traveled a long, glorious baseball road since those days when he bounced from the county fairgrounds diamond at Fowlerville, Mich., right into a full-time second-basing job with the Detroit Tigers, so it's good news to hear he'll be hitting the major league highroad again next spring.

Before the 1940 campaign is well under way, "Silent Charley" will be 37 years old—and the subject of much speculation as to whether he'll be able to stick it out through his 15th full season with the Bengals. It's a certainty the quiet, reserved infielder won't have much to say about it himself—but his record will do a lot of talking in his favor.

He suffered a badly pulled leg muscle last June in the anniversary game at Cooperstown, N. Y., and some of the boys said he was on the way out. But young Benny McCoy, who was expected to take Charley's place, apparently is going to Philadelphia, giving rise to the thought that Tiger officials believe one of the greatest pair of legs in baseball will carry Gehring through another season.

Had Good Record
New York's great youngster, Joe Gordon, took the play from Gehring last summer, but Charley didn't do badly. He appeared in 118 games, hit .325 and his 132 hits included 16 homers, six triples and 29 doubles. Possessor of one of the keenest pair of eyes in the sport, he drew 68 walks and fanned only 16 times. He also was the best fielding second baseman in the circuit.

Previous to the 1939 campaign he had compiled a record which undoubtedly will qualify him someday as a candidate for baseball's Hall of Fame. During 13 full seasons his major league average was .327. Through that period, at various times, he led the American league in hitting, runs scored, hits and stolen bases. In two world series he hit .377.

It probably will be a long time

HUNTING NOTES

By ED EASTERLY.
COLUMBUS, Dec. 21.—A sportsmen's club at Logansport, Ind., has a sure-fire pheasant hunting proposition.

The club raises pheasants to full-grown size. Then on each night of the season it releases large numbers in the fields, where they are ready for the guns on the following day.

The club provided approximately 3,000 pheasants for its members last year.

The Ohio Division of Conservation reports this system is used to a modified extent by some Cuyahoga county clubs. The Ohio clubs, however, generally release all their pheasants at the start of the season rather than turning them loose daily.

Some of the birds escape the hunters' guns and thereby are left to contribute to the state's wild pheasant population.

Under Civil Service
The Conservation division says that all its 120 regular game protectors are under civil service and received their appointments after passing an examination.

The board knowledge of wildlife required in a game protector makes it essential that they be selected on a merit basis, officials say. If an appointee doesn't "know his stuff," the sportsmen soon squawk to the man who made the appointment.

As many as 20 complaint affidavits have been filed against some protectors but investigation showed they were doing a good job and the division refused to remove them. Some were inspired by disgruntled hunters, others by politicians.

Commissioner Don Waters has filled four vacancies in his staff of protectors and added four men for regular duty since he took charge of the division in January.

Farmers and sportsmen in the vicinity of Mingo in Champaign county will conduct a wolf hunt Dec. 27 on 3,000 acres of land. Prizes will be given to the most successful hunters.

TENNESSEE ENTRAINS TODAY FOR ROSE BOWL

VOLS WORRIED OVER INJURED GRIDIRON ACE

Not Certain Yet Whether George Cafego Will Be Able to Play

KNOXVILLE, Tenn., Dec. 21.—Tennessee's undefeated, untied and unscathed football team arranged to head for California's Rose Bowl today amid a lot of fuss over the injured knee of Halfback George (Bad News) Cafego.

Whether Cafego would be ready to rattle at top speed against Southern California in the New Year's day classic at Pasadena remained a big question.

Coach Bob Neyland rates the great halfback, who injured his knee in the Citadel (S.C.) game Nov. 11, as "a player without a weakness."

He is making his game preparations on the assumption Cafego will be ready, but just in case, Buist Warren and Johnny Butler, the sophomore flash, have been groomed for the tailback spot.

Praises Butler

"Johnny Butler is doing so well he may not even get in the Rose Bowl game," Cafego commented. "Why, that Johnny is a threat every time he gets his hands on the ball."

Butler sprinted 56 zigzagging yards for the first touchdown against Alabama and repeated with a 40-yard thriller to conquer Auburn, 7-0, in Tennessee's final 1939 game.

The Orange-shirted Volunteers, strong, will leave for the west coast by train at 3 p. m. (Central Standard time) and arrive in Los Angeles at 1 p. m. Sunday. En route they will stop at Greenville and El Paso, Texas, for brief workouts.

As for Cafego, Tennessee fans say the fact he wasn't around in some of Tennessee's major games seems to have been overlooked.

The Volunteers trounced Vanderbilt without him and he played less than two minutes each against Kentucky and Auburn.

Feller Considers Hollywood Offers

CLEVELAND, Dec. 21.—Bob Feller has the permission of the Indians to become a "celluloid cowboy"—as long as he doesn't imperil his "million-dollar pitching arm."

The 21-year-old pitcher is considering a Hollywood offer to take part in six westerns. C. C. Slapnicka, Cleveland vice president, commented:

"If it's a good proposition and won't interfere with his baseball career it might be a good thing. I certainly wouldn't approve anything that might harm that million-dollar pitching arm."

CHICAGO, Dec. 21.—Purdue's basketball squad, jolted last night by the University of Southern California cagers, will make a second bid for victory over west coast opposition tonight when it opposes Washington State.

While the two square off at Lafayette, Ind., Michigan will continue its drive for further honors in the east, meeting Tulane at White Plains, N. Y. The Wolverines made it three in a row for the season Monday by defeating Connecticut State.

Purdue bowed before the Trojans last night, 38 to 34, after having tied the game at 32 all with five minutes to go. The setback was the second in four starts for the Boilermakers and the sixth that Big Ten conference teams have suffered in 37 games with non-league foes.

Meanwhile, Northwestern, which earlier this season had trounced Washington State 41 to 29, ran its string of consecutive victories to four by overwhelming Princeton, 42 to 26. Eighteen Wildcat players had their fling in the rout, which was paced by Dick Brooks, a reserve senior forward who had played in only one previous engagement this year. Brooks counted 12 points.

Florida's Racing Season Under Way

MIAMI, Fla., Dec. 21.—Florida's 56-day horse racing season, expected to draw more than \$35,000,000 through the pari-mutuel machines and enrich the state coffers by \$1,500,000, gets under way today at Tropical park.

With 2,000 horses available, limit fields were drawn for the opening program, featured by the \$1,000 inaugural purse. Warren Wright's Beau James, three-year-old son of Jamestown, rated a probable favorite in a field of 15 sprinters.

The Tropical park meeting will run 18 days, the action transferring Jan. 10 to Hialeah park for the next 46 days.

OHIO WESLEYAN, CARROLL GIVEN FIRST DEFEATS

Two Teams Tumble From State's Undefeated Cage Ranks

(By Associated Press)

John Carroll and Ohio Wesleyan tumbled from the undefeated class in Ohio's eight-game basketball program last night.

The Blue Streaks dropped a 42 to 34 decision to Detroit and Wesleyan fell before Kent State's attack, 41 to 39.

The Kent victory, its fourth in five starts, came after the score was tied 10 times. The Golden Flashes led at the half, 25 to 24, and clinched the decision in the closing minute on a field goal by Center Harold Andres and a free throw by Guard Dan Gulan.

Max Conner, Kent guard, tallied 15 points, and Jack Buttermore, Wesleyan forward, 12.

Trail at Half

Detroit led the streaks at the half, 25 to 13, and Carroll found the margin too much to overcome. Marty Rudich, Carroll center, dropped in 12 points to lead his team in scoring. Carroll had won three straight games.

In other games, West Virginia tramped Marietta, 60 to 36; Cincinnati tripped Centre, 42 to 30; Youngstown edged Defiance, 51 to 48; Long Island stopped Dayton, 48 to 39; Wittenberg shaded Rider (N. J.), 47 to 46; and Slippery Rock (Pa.) Teachers nosed out Mount Union, 50 to 47.

Deskin, Cincinnati forward, flipped in 10 points as Centre lost its second straight game in the Queen city. Xavier beat the Kentucky five Tuesday night. The Bearcats led 29 to 15, at the half.

West Virginia used three teams in swamping the Pioneers, leading at intermission, 37 to 12. Officials called 23 personal fouls on West Virginia and 22 on Marietta, with two Pioneer players and one Mountaineer ejected via the foul route.

Win In Overtime

Slippery Rock scored eight points in an overtime to mount Union. Forward Hobbs and Guard Cabas picked up five points for the Obions in the extra period. The score was tied 14 times.

Youngstown posted its fourth victory in five games by beating Defiance. The Penguins led at the half, 21 to 14. Snorff, Defiance center, had 21 points, and Berman, Youngstown forward, 19.

Frank Shannon's field goal with two minutes to play gave Wittenberg its lead over Rider and the Chions "froze" the ball until the final whistle. Shannon scored 16 points.

Long Island posted its 42nd consecutive victory in Downing Dayton. The New Yorkers were ahead at intermission, 24 to 21.

Fight Results

CAMDEN, N. J.—Gus Dorazio, 185½, of Philadelphia, outpointed Charley Massera, 189, New York (8).

Little Alfred Holbrook Boasts Real "Iron Man"

(By FRITZ HOWELL)

(Pinch Hitting for Eddie Brietz)

COLUMBUS, Dec. 21.—Before wrapping up the 1939 football season, how about a belated pat on the back for Chester (Red) Roush, a real iron man of the gridiron? "Red," end and captain of Little Alfred Holbrook college at Manchester, O., played every minute of 34 games from 1936 through 1939, and "time" was never called for him in the four years. Roush had never played football and had seen but one game before enrolling at Holbrook, but he started the first contest in his freshman year and still was in there in his last one as a senior.

Happy Hunting Grounds

Notre Dame's Elmer Layden, Cornell's Carl Snavely, N.Y.'s "Swede" Larsen, Purdue's Mal Edward, and Indiana's Bo McMillin are just a few of the "foreign" coaches who have appeared this winter as guest speakers at Ohio high school football banquets.

Probably they are touring just

for the fun of it, but Snavely hinted at Canton the other night that he could use some of the Buckeye scholastic talent.

"The finest high school football in the country is played up here in northeastern Ohio," Snavely said. "And if you can turn out one athlete in 10 years as good as Don Scott (Ohio State quarterback from Canton) and send him up to our university, I'll continue to think this is a great community."

Today's Guest Star

Elmer Layden, "Fighting Irish" coach and one of the famed four horsemen addressing Toledo's Down town Coaches' association, said:

"It's a pleasure to be here, for I like to string along with a winner. . . all downtown coaches are winners, for they play their games on Monday, two days after they've been completed on the field. In fact, I've never heard of a downtown coach losing a game."

Despite denials from all principals, the "inside" boys around the Buckeye capital insist Stanford is flirting with Francis Schmidt, Ohio State coach who introduced razzle-dazzle to the Big Ten. If Francis takes the coach job, he and the "experts" say he will not be surprised if Earl Blaik is the next Buckeye coach. . . if he can be shaken loose from his Dartmouth contract.

How'd you like to have Fred Tomlin of Glassboro, N. J., "draw a bead" on you? Fred fired at 2,450 clay targets this year, and missed only 17, for an average of .9930. . . the greatest ever compiled by a professional trapshooter. All he got for the feat was a few trophies, the amateurs . . . not the professionals . . . get the trapshooting cash.

Shut-Ins Cheered By New Friends Secured by Club

(By Associated Press)

WILKES BARRE, Pa., Dec. 21.—The faces of more than 200 shut-ins are radiant with Christmas cheer today because of new friends secured through an organization started four years ago by a corporation lawyer's energetic wife.

Mrs. Paul Bedford, Wilkes Barre woman, sent out questionnaires in 1935 asking chronically ill persons what they wanted most: a flower or visitors.

"Visitors" was the unanimous reply.

So Mrs. Bedford recruited 20 shut-ins as first members of the "shut-ins," an organization without dues or meetings. The work covers a 20-mile radius and 280 members pay periodic visits to shut-ins and the visitors say it is as much as the visited.

Based on Friendship

Each visit usually means a gift to the shut-in, but there is no obligation and Mrs. Bedford emphasizes that members of her club are "friendly benefactors."

"The emphasis is on friendship," she explained.

From a big room in Mrs. Bedford's home Christmas presents and small Christmas trees are sent this week to each of the shut-ins. There was a gift for Mrs. age and taste.

Six persons receive visits from "friends of shut-ins" regardless of their education or financial status.

Mrs. Bedford keeps a record of the days of the shut-ins so they can be remembered. She also has mailed each on her list with the telephone number so they can chat back and forth.

The club has a magazine, "Cheerful Chats," composed chiefly of contributions from the shut-ins themselves and mimeographed by school boys. "And," Mrs. Bedford said, "the visitors get almost as much of a kick out of this as the shut-ins. One 80-year-old woman on visitors' list told me:

"I thought there was nothing for me but the bridge table."

NEW YORK—The humble hen produces more gross income in the United States today than ever before. The value of poultry and eggs is almost \$1,000,000,000 a year or 12 per cent of all farm products, as compared with 5 per cent a generation ago, according to the American Poultry Journal.

"LOVE'S INTERLUDE" by -MAY-CHRISTIE

SYNOPSIS

Maira Carewe and Tarleton Griggs are in love, but wealthy, self-made Joseph Griggs has social aspirations for his son and does not approve of a match with a mere ethnologist's daughter. So happy-go-lucky Tarry, realizing comforts his father's wealth affords, engaged to Lady Carren Kilmorey. At a hunt meet, the day before their scheduled marriage, Lady Carren comes upon Tarry and Maira in a tender embrace. Disillusioned, she gallops off, straight towards "Devil's Leap," a treacherous jump. She takes it, but falls and is killed. Tarry and Maira are conscience-stricken. He goes abroad, and Maira doesn't see him until months later when she accompanies a wealthy family to Paris as tutor to their two children. There, Tarry and she plan to marry, but again Griggs, senior, steps in and frustrates them. He takes his son to Baden-Baden where the socially prominent Sadie Vandergelt, Griggs' choice for a daughter-in-law, is also vacationing. Although Tarry wrote he would run over to Paris to see Maira, she waited in vain. They all return home in the fall. Then comes the stock market crash. Mr. Griggs is ruined and the shock kills him. Tarry gets a position as a customer's man and Maira becomes a beauty operator in Cora Deveney's beauty shop. Tarry meets one of Maira's customers, Mrs. Rules, a wealthy, middle-aged widow in search of a fling. The latter, attracted by Tarry, turns her investments over to him. Maira goes to the residence of socially prominent Amanda Stone to give her a beauty treatment. There she meets Amanda's brother, Dr. Rodney Stone, a rising young physician. Dr. Stone makes her for a friend of Maira's. He is greatly attracted. Maira is not at home, so the doctor entertains Maira, thinking all the while that here was someone quite different from Maira's flirtatious friends—someone who was modestly impersonal. After he leaves on a case, Maira arrives. While Maira is beautifying her, the society girl remarks that her brother is practically engaged to Ruth Albion. For some unknown reason, this news disturbed Maira. Then the phone rang. It was Dr. Stone. He asks Maira to tell her friend he would get to Ruth Albion's party before twelve and that she should reserve several dances for him. Maira wonders whom he means, unaware that he had met Maira.

CHAPTER XI

The smart El Martine night club was crowded.

Maira was enjoying herself yet she was worried about Tarry, for he was spending recklessly. "The devil with economy! Let's splash! Have you forgotten the swell new account?" "I'm so glad about it. I only hope Mrs. Rules won't get mad at me if she loses money. You'll be careful, won't you, Tarry?"

He laughed gaily, loftily, the know-it-all male. "Don't bother your pretty little head about financial matters. Leave that to those who know. It's my job, isn't it?"

A wave of gratification swept over the girl who was dancing in his arms. It was she who had restored his waning confidence in himself. Why, only a couple of days ago he had moodily told her that he was going to be let out of the firm the end of the week for lack of business—and now everything was changed.

Even as he talked, she noticed that Tarry's eye was roaming as they danced. Measuring the field! Inspired by his good luck, he was doubtless pondering the possibilities of this night club's clientele—some suitable way of approach to these men and women who had money to burn!

Maira suddenly wished with all her heart that he were out of Wall Street. Suppose—by some mistake—she were to put a portion of Mrs.

Rule's money in stocks that were not listed on the Exchange and without her authorization?

It didn't bear thinking of! Tarry nodded to a big, prosperous looking fellow who was dancing, at the same time giving her hand a swift pressure. She looked over.

"See that chap I bowed to? That's Randall Carlton."

Where had she heard that name before?

Then she remembered. From Amanda Stone.

The raucous, the "fashionable bachelor about town." She looked again.

She decided there was a disappointed air about this sleek, well-dressed person of whose acquaintance Tarry was obviously proud.

The music stopped. They returned to their zebra-striped couch that was set under a trick gilt palm.

"This is the life! The rest is all a beastly bore! A girl like you should never have to work. Nor, for the matter of that, should I!" grinned Tarry. "Money's the only thing that matters—"

There was a bitter recklessness about Tarry that gave her a breath-catching fear. It was hard on youth to be deprived of pleasures, but there were worse calamities than under-paid jobs and lack of parties.

She felt maternal responsibility about Tarry.

"Darling, come on over to the bar."

"No. No. We've had plenty. There are limits. Hark, there's the next dance starting! A rhumba. Tarry! Let's show 'em!" She jumped up, appealing to his vanity, knowing that Tarry was a bit of an exhibitionist when it came to the rhumba, and they did dance it so perfectly.

Nor was she alone in imagining this, for other people were soon watching them, including Randall Carlton. He wondered who the new beauty was? She had an air. He'd been at Ruth Albion's coming-out dance, and slipped over for a breather to the El Martine, for the chaperones were hard after him, and he was bored by formal parties, where duty-dances were expected of him. He hated to do anything he didn't enjoy. But courtesy would soon demand his return.

"She certainly is a looker," said Randall to himself, "and gad how she dances!"

He'd hail her escort when the rhumba was over, invite them to the bar, and then he'd get the orchestra to play a tango. There was nothing like the tango for finding out if one's partner was a bit—er—emotional.

He couldn't remember the young man's name at the moment, but that he was a "financial gigolo" of some sort he was assured. Poor devil down on Wall Street, rooting around for money! He'd hint at taking a flier on the market, and the fellow would be after him hard!

No sooner decided on than put in action, for Randall believed in short-cuts combined with devious intentions.

"I was just about to have a champagne cocktail. Will you both join me?"—in ingratiating drawl. His sleepy eyes assessed Maira—"as though I were a horse or a dog!" she thought indignantly. She was about to refuse him, but Tarry was before her, as he had been in the case of Mrs. Rules.

"Priceless idea!" He pinched Maira's arm. The trio went towards the bar.

A crowd of gay young people in full evening regalia—the girls bediamonded—the men in white vests and tails—had just swarmed into the night club, chattering like magpies. Like Randall, they had sneaked off for a spell from the formal debutante's ball. They greeted Randall. He was on familiar terms with all of them. But he wanted none of them at the moment. By shoving, by discreet tipping, he contrived to get Maira, Tarry and himself wedged into a corner of the famous circle.

Nor did he make the mistake of seeking a flirtation with this lovely girl in front of her friend. A diplomat, he talked stocks, bonds and investments. Tarry was enthralled. If Tarry would give him a ring at the Racquet club in the next day or so, they'd take a little flutter on the market. Maira felt that it was thus up to her to be pleasant to Randall.

They sipped their cocktails. "Another little snifter?" urged Randall, when there was nothing but a melting lump of sugar at the

bottom of each shallow glass.

"Not for me, thanks," declined Maira, but Tarry accepted. She noted, chagrined, that Tarry was growing increasingly fuddled, and kicked his foot warningly, but he ignored it.

Meantime a well-tipped waiter had delivered a \$20.00 bill from Randall to the leader of the orchestra with a request for the latest tango. The music struck up.

"May I have the pleasure of this dance, Miss Carewe?"

"I think not. You've been very

kind—but now it's late—I really must go."

"You wouldn't be so cruel? You wouldn't disappoint me?" The sleepy eyes widened. She noticed then that they were of a curiously light green, with yellowish streaks. Was it her own silly fancy, or were the pupils really vertical slits?

"Go ahead, darling," hiccupped Tarry. "One's only young won't! Enshy yourself while y'can!" "My car's outside," Randall said suavely, "and my chauffeur will drive you home directly after, if you insist."

Well, best get on with it, for Tarry's sake. Then let the chauffeur drive them both to their destinations, else Tarry would be in no condition for business a few hours hence.

"LOVE'S INTERLUDE" by -MAY- CHRISTIE

SYNOPSIS

Moirs Carewe and Tarleton Griggs are in love, but wealthy, self-made Joseph Griggs has social aspirations for his son and does not approve of a match with a mere ethnologist's daughter. So happy-go-lucky Tarleton, realizing the comforts his father's wealth affords him, placates "pater" by becoming engaged to Lady Careen Kilmorby. At a hunt meet, the day before their scheduled marriage, Lady Careen comes upon Tarley and Moira in a tender embrace. Disillusioned, she gallops off, straight towards "Devil's Leap," a treacherous jump. She takes it, but falls and is killed. Tarley and Moira are conscience-stricken. He goes abroad, and Moira doesn't see him until months later when she accompanies a wealthy family to Paris as tutor to their two children. There, Tarley and she plan to marry, but again Griggs, Senior, steps in and frustrates them. He takes his son to Baden-Baden where the socially prominent Sadie Vandergeit, Griggs' choice for a daughter-in-law, is so vacationing. Although Tarley writes he would run over to Paris to see Moira, she waited in vain. They all return home in the fall. Then comes the stock market crash. Mr. Griggs is ruined and the shock kills him. Tarley gets a position as a customer's man and Moira becomes a beauty operator in Cora Deverney's beauty shop. Tarley meets one of Moira's customers, Mrs. Rules, a wealthy, middle-aged widow in search of a fling. The latter, attracted by Tarley, turns her investments over to him. Moira goes to the residence of socially prominent Amanda Stone to give her a beauty treatment. There she meets Amanda's brother, Dr. Rodney Stone, a rising, young physician. Dr. Stone mistakes her for a friend of Manda's. He is greatly attracted. Manda is not at home, so the doctor entertains Moira, thinking all the while that here was someone quite different from Manda's flirtatious friends—someone who was modestly impersonal. After he leaves on a case, Manda arrives. While Moira is beautifying her, the society girl remarks that her brother is practically engaged to Ruth Albion. For some unknown reason, this news disturbed Moira. Then the phone rang. It was Dr. Stone. He asks Manda to tell her friend he would get to Ruth Albion's party before twelve, and that she should reserve several dances for him. Manda wonders whom he means, unaware that he had met Moira.

CHAPTER XI

The smart El Martino night club was crowded.

Moira was enjoying herself yet she was worried about Tarley, for he was spending recklessly. "The devil with economy! Let's splash! Have you forgotten the swell new account?" "I'm so glad about it. I only hope Mrs. Rules won't get mad at me if she loses money. You'll be careful, won't you, Tarley?" He laughed gaily, loftily, the know-it-all male. "Don't bother your pretty little head about financial matters. Leave that to those who know. It's my job, isn't it?" A wave of gratification swept over the girl who was dancing in his arms. It was she who had restored his waning confidence in himself. Why, only a couple of days ago he had moodily told her that he was going to be let out of the firm the end of the week for lack of business—and now everything was changed.

Even as he talked, she noticed that Tarley's eye was roaming as they danced. Measuring the field inspired by his good luck, he was doubtless pondering the possibilities of this night club's clientele—some suitable way of approach to these men and women who had money to burn!

Moira suddenly wished with all her heart that he were out of Wall Street. Suppose—by some mistake—she were to put a portion of Mrs.

Rule's money in stocks that were not listed on the Exchange and without her authorization? It didn't bear thinking of!

Tarley nodded to a big, prosperous looking fellow who was dancing, at the same time giving her hand a swift pressure. She looked over.

"See that chap I bowed to? That's Randall Carlton."

Where had she heard that name before?

Then she remembered. From Amanda Stone.

The raconteur. The "fashionable bachelor about town." She looked again.

She decided there was a disappointed air about this sleek, well-fed person of whose acquaintance Tarley was obviously proud.

The music stopped. They returned to their zebra-striped couch that was set under a trick gilt palm.

"This is the life! The rest is all a beastly bore! A girl like you should never have to work. Nor, for the matter of that, should I!" grinned Tarley. "Money's the only thing that matters—"

There was a bitter recklessness about Tarley that gave her a breath-catching fear. It was hard on youth to be deprived of pleasures, but there were worse calamities than under-paid jobs and lack of parties.

She felt maternal responsibility about Tarley.

"Darling, come on over to the bar."

"No. No. We've had plenty. There are limits. Hark, there's the next dance starting! A rhumba, Tarley! Let's show 'em!" She jumped up, appealing to his vanity, knowing that Tarley was a bit of an exhibitionist when it came to the rhumba, and they did dance it so perfectly.

Nor was she alone in imagining this, for other people were soon watching them, including Randall Carlton. He wondered who the new beauty was? She had an air. He'd been at Ruth Albion's coming-out dance, and slipped over for a breather to the El Martino, for the chaperones were hard after him, and he was bored by formal parties, where duty-dances were expected of him. He hated to do anything he didn't enjoy. But courtesy would soon demand his return.

"She certainly is a looker," said Randall to himself, "and gad how she dances!"

He'd hall her escort when the rhumba was over, invite them to the bar, and then he'd get the orchestra to play a tango. There was nothing like the tango for finding out if one's partner was a bit—er—emotional.

He couldn't remember the young man's name at the moment, but that he was a "financial gigolo" of some sort he was assured. Poor devil down on Wall Street, rooting around for money! He'd hint at taking a flier on the market, and the fellow would be after him hard!

No sooner decided on than put in action, for Randall believed in short-cuts combined with devious intentions.

"I was just about to have a champagne cocktail. Will you both join me?"—in ingratiating drawl. His sleepy eyes assessed Moira—"as though I were a horse or a dog!" she thought indignantly. She was about to refuse him, but Tarley was before her, as he had been in the case of Mrs. Rules.

"Priceless idea!" He pinched Moira's arm. The trio went towards the bar.

A crowd of gay young people in full evening regalia—the girls bediamonded—the men in white vests and tails—had just swarmed into the night club, chattering like magpies. Like Randall, they had sneaked off for a spell from the formal debutante's ball. They greeted Randall. He was on familiar terms with all of them. But he wanted none of them at the moment. By showing, by discreet tipping, he contrived to get Moira, Tarley and himself wedged into a corner of the famous circle.

Nor did he make the mistake of seeking a flirtation with this lovely girl in front of her friend. A diplomat, he talked stocks, bonds and investments. Tarley was enthralled. If Tarley would give him a ring at the Racquet club in the next day or so, they'd take a little flutter on the market. Moira felt that it was thus up to her to be pleasant to Randall.

They sipped their cocktails.

"Another little snifter?" urged Randall, when there was nothing but a melting lump of sugar at the

bottom of each shallow glass.

"Not for me, thanks," declined Moira, but Tarley accepted. She noted, chagrined, that Tarley was growing increasingly fuddled, and kicked his foot warningly, but he ignored it.

Meantime, a well-tipped waiter had delivered a \$20.00 bill from Randall to the leader of the orchestra with a request for the latest tango. The music struck up.

"May I have the pleasure of this dance, Miss Carewe?"

"I think not. You've been very kind—but now it's late—I really must go."

"You wouldn't be so cruel? You wouldn't disappoint me?" The sleepy eyes widened. She noticed then that they were of a curiously light green, with yellowish streaks. Was it her own silly fancy, or were the pupils really vertical slits?

"Go ahead, darling," hiccupped Tarley. "One's only young wonsh! Enshoy yourself while y'cansh!"

"My car's outside," Randall said suavely, "and my chauffeur will drive you home directly after, if you insist."

Well, best get on with it, for Tarley's sake. Then let the chauffeur drive them both to their destinations, else Tarley would be in no condition for business a few hours hence.
